Head Start Association Fatherhood Coalition

South Carolina State Head Start Association Fatherhood/Male Involvement Coalition ANNUAL FATHERHOOD/MALE INVOLVEMENT CONFERENCE

It is with great pleasure that the South Carolina State Head Start Association Fatherhood/Male Involvement Coalition welcomes you to our Annual Fatherhood/Male Involvement Conference. Our conference promises to be one of our most exciting and rewarding ever, as we bring together federal, state and local representatives, fathers and friends from across the state and beyond.

The South Carolina State Head Start Association Fatherhood/Male Involvement Coalition hopes that through the messages from the keynote speakers and the dynamic sessions, we will help fathers and significant others become more involved in the lives of their children. We can't do this work alone because it must be done one child, one family, one father and one neighborhood at a time.

Through the information shared, and knowledge gained we are confident that you will leave the conference understanding the significant role fathers play in raising healthy, happy children.

Sincerely,
Jerome Thompson
